**Comprehensive
Tenants Insurance**
*For Residents of
Managed Seniors-Only
Properties*

Protect What's Important to You

A landlord's insurance policy covers only the physical dwelling. It does not insure all the contents of the rental unit against fire, theft, water damage and other natural disasters, or provide the personal liability coverage your landlord requires. These concerns are left to a renter's tenant insurance package. If you are a resident of a qualified "seniors only" facility our tenant policies offer:

- \$2,000,000 liability coverage
- Comprehensive form personal contents coverage
- Replacement cost
- Sewer backup coverage

Get the Right Coverage

Contents limits and costs:

- \$5,000 \$60/year
- \$10,000 \$80/year
- \$15,000 \$100/year
- \$20,000 \$115/year

Please check coverage required.
